Telling a Story of Greater Mankato

In 2019, international artist Guido van Helten began work on the mural on the Ardent Mills silos, with completion in 2020. The concept is a summary of experience, observations, and discoveries in color and culture in Mankato utilizing the Education Day at the Mankato Powwow as a backdrop for the photographs on which the design of the mural is based.

The design brings together the shared ideals of community, diversity and inclusion; and it pays respect to history while encouraging a positive dialogue on the future identity of the Mankato area.
